Accessing Communities and Experiences

You can find the Community page via the globe icon at the top of the site, or by clicking on the box of profile photos on the homepage. Go to Experiences using the tree icon or the homepage button.

The screenshot shows the SDL:vCOP homepage. At the top, the logo "SDL:vCOP" is on the left, followed by a search bar with the text "Search" and a magnifying glass icon. To the right of the search bar are several icons: a globe, a tree, a bell with a red notification badge, a trophy with "#1", and a profile picture of a woman with "15,800" below it. A red circle highlights the globe and tree icons. Below the navigation bar, the main content area has a teal background with the text "Self-Directed Learning: virtual COP". On the left, there is a section for "My Learning Pathways" with a white wave icon and the text "You have no active Learning Pathways". On the right, there is a grid of profile photos. A vertical navigation menu is overlaid on the bottom right, containing three items: "Experiences" with a tree icon, "Events" with a calendar icon, and "Communities" with a globe icon. A red circle highlights the "Experiences" and "Events" items.

Your Experiences

Experiences can be used to capture all online and offline learning, logging your personal learning journey. Completing some resources will automatically create a record in your experiences area, but you can add your own at any time by clicking the add button.

You can attach supporting documents or add links as well as other information such as the time you spent on the task.

The screenshot displays the 'Your CPD Log' interface. At the top, there is a navigation bar with a search bar labeled 'Search the campus' and a user profile icon showing '19,150' and '#1'. Below the navigation bar is a header section with the title 'Your CPD Log' and a sub-header: 'Your CPD Log section is a complete record of all your learning – both online and offline. Use the handy tools below and the form to capture any learning you do – wherever it happens!'. The main content area is divided into two parts. On the left, there is a 'Filter and export CPD Log' sidebar with options for 'Activity Type: Select', 'Start date: [calendar icon]', 'End date: [calendar icon]', and 'Evidence: Select'. Below these are 'View' and 'Export' buttons. At the bottom of the sidebar, there is a 'Sort by: Date Added' dropdown and a 'Bookmarklet' button. On the right, there is a form titled 'What do you want to capture?' with a text input field, an 'Add link' field containing '23/05/2024', and a dropdown menu with 'None' selected and 'Read an article' as an option. Below the form are 'Help', 'Cancel', and 'Post' buttons. Below the form, there is a list of entries. The first entry is by 'John Smith' on '20/09/2023' with a 'Duration: 30 minutes' and 'Read a book' activity. The entry details are: 'Chapter 2 of 'Communicating with Agencies'', 'I learned: -How to communicate with Neighbourhood Policing (with a template)', and a link to 'http://www.communicatingwithagencies.com'. The second entry is also by 'John Smith' on '14/09/2023' with a 'Duration: 1 hours' and 'Attended an event' activity. The entry details are: 'Webinar on ways to make your teams comfortable with giving feedback.' and 'I learned: ...'.

Your Experiences

If you want to share an experience you've found you can post it to your community by clicking share.

You can also add it to a learning pathway to support your learning, if you are enrolled on any pathways.

John Smith
20/09/2023 Duration: 30 minutes Read a book
Chapter 2 of 'Communicating with Agencies'

Communities

This is where you can share ideas, links and resources with other learners.
You can ask a question or your feedback on a post

The screenshot displays the 'Communities' section of a learning management system. At the top, there is a navigation bar with a search bar, a home icon, and various utility icons (moon, calendar, globe, star, bell, trophy, and a profile picture). The main header for the 'Communities' section is titled 'Communities' with 'Everyone' below it. A large text input field is open, asking 'What do you want to share?' with 'Cancel' and 'Post' buttons. Below this, a grid of member avatars is shown with a 'Show more members' button. The main content area features a post by 'Caroline Freeman' from 'an hour ago'. The post text reads: 'Feel free to explore all the areas on the site. Post any links /comments that others might find useful in the communities area and as the chat grows, we can curate the most popular ones into the resource sections. Keep checking in, we're building the site and resources in real time today!'. The post has 2 likes and 500 shares. Below this is another post by 'Caroline Freeman' from '26 minutes ago' with the text: 'Hi Belinda, the app is just for being able to add 'experiences' on the go when you are tracking your activity against a learning pathway. We haven't created any learning pathways, as we're using the site just as a virtual community, so we haven't enabled the app. The site is still accessible by mobile though. Hope that helps.' This second post has 0 likes.
